### ***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

During the telephone interview with Applicants' attorney, Mr. Todd Bailey on 26 May 2004, the combination of Tran et al. (U.S. Patent No. 6,142,729) in view of Smith (U.S. Patent No. 4,531,358) relating to independent claim 13 and its dependent claims, was agreed to be based on an "obvious to try rationale", whereby the examiner originally deemed it obvious to remove the breather from the Tran et al. sealing device. The obvious determination was reconsidered by the examiner, and the rejection is hereby withdrawn, since there is no suggestion of a removing the sealing device breather outside Applicants' disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
